Contract Validity	Breeding season 2026		
Contract Region	World		
Contracted Party : SELLER		Contracted Party : PURCHASER	
SCEA LEVALLOIS Richard Haras de Semilly 50680 COUVAINS FRANCE Tel : +33 233053144 / GSM : +33 672887149 Email : contact@semilly.com VAT number : FR48488811142		Name : Address : Country : Phone numbers : E-mail : VAT number :	
The Seller confirms that:			
UNTOUCHED SON JPS stud fee = €1200 Euros (taxes, shipment and TRACES costs excluded)			
<p>Upon signature of this contract and full payment of the corresponding invoices, the Seller shall make chilled semen available. Semen orders must be placed by email (contact@semilly.com) or via WhatsApp (+33(0)672887151) once the mare enters a well-defined heat, in order to allow the Seller to optimize semen dispatch using a long-term extender. The doses may not be divided. The semen may only be used for artificial insemination (AI) and, where applicable, embryo transfer (ET), exclusively on the mare identified in this contract.</p> <p>The use of the semen for ICSI, frozen embryo production, or any other advanced reproductive techniques is strictly prohibited.</p> <p>The Seller provides 1 birth declaration per covering fee paid. It will be sent to the Purchaser when the foal is born.</p>			
The Purchaser confirms that:			
<p>He has understood the terms of this agreement. He is responsible for the covering bought under this contract and the use of the semen received. He declares to use it for the following Mare: Name UELN / Breed: / Color: / Sire:</p> <p>He would like the seller to deliver the semen to (name + full address + phone number) (specify the address required for TRACES documents if different)</p> <p>Transportation costs are to be paid by the purchaser up front. The purchaser is aware of shipping conditions.</p> <p>The Purchaser certifies that the doses sent by the Seller won't be divided, nor resold, nor used for another mare other than the one detailed without the prior agreement with the Seller. He also attests that his veterinarian is aware of these conditions.</p> <p>The Purchaser declares that he will make an <u>Embryo Transfer</u> after insemination</p> <p><input type="checkbox"/> NO (if the Purchaser decides to change his mind, he will have to declare it to the Seller before doing any ET)</p> <p><input type="checkbox"/> YES (the Purchaser commits to notify the Seller when multiple pregnancies are achieved. The embryos collected are not allowed to be vitrified (frozen). They must be directly transferred or chilled and transferred at least the day after)</p> <p>The Purchaser attests that the Mare and in the case of embryo transfer, the recipient mares, are well vaccinated against Flu, Tetanus and EHV (in order to prevent as much as possible EHV abortion).</p> <p>The Purchaser is responsible for notifying the Seller of any pregnancies by the 1st December. In the event of the mare or surrogate mares not scanning in foal, a 'not in foal certificate for the mare and its surrogate mares' from a certified veterinarian must be provided by a registered post by the 1st December. In this scenario and if semen is still available, the Seller will provide for the year after, which would be in the form of chilled semen in the same condition as the previous attempt.</p> <p>The Purchaser commits to notify the Seller of the birth of each foal produced within 48h after birth. The birth certificate will then be provided by the seller to declare the birth of the purchaser's foal to any studbook. If more than 1 foal born derived from the use of the semen provided, the Purchaser commits to pay the Seller the additional stud fee for each additional foal born, before declaring of the birth of these additional foals to any studbook.</p> <p>Any semen purchased under this contract will always remain under the terms of this contract for its lifespan, where it is unable to be used or resold to anybody else without the agreement of the Seller.</p>			
The seller and the purchaser confirm that:			
<p>This agreement shall be governed by the French law, with meaningful penalties in the case of contract defaults. Attempted fraud committed by the purchaser is punishable by an unconditional fine per non declared additional foal of €9900 + vat, in addition to a penalty payment of 10% interest per year, since the foal was born until the year the fraud is confirmed.</p>
